

Keney Park Sustainability Project

Sowing the Seeds of Stewardship Fundraiser

keneyparksustainability.org

Thursday, August 15
6:00 pm
Tavern at Keney Park

Keney Park Sustainability Project's (KPSP) mission is to provide hands on training, on-site demonstrations, educational outreach, and community collaborations that help families become more self-sustainable and environmentally conscious while preserving the historic Keney Park. KPSP has successfully utilized the Public-Private Partnership model to re-energize the restoration of the historic landmark designed by Charles Elliot and the Olmsted Firm. This unique event will feature KPSP grown food, live music, an art auction and a guaranteed great time. Don't miss this historic event!

Distinguished Honorees

Glendowlyn Thames

Deputy Director, Department of Economic and Community Development, State of CT, President, Hartford Court of Common Council, Former Ex. Director of CT Innovations. A resident of North Hartford and dedicated to empowerment of CT's under-served residents.

Sara Bronin

Chair, Hartford Planning & Zoning Commission; Chair, Preservation Connecticut & Professor, UConn Law. Led the overhaul of the city's zoning code and the adoption of the city's Climate Action Plan, to create a more sustainable Hartford.

Denise Nappier

Former board member, Friends of Keney Park, Former Executive Director, River Front Recapture, Former Connecticut State Treasurer. Long term supporter of Keney Park and the Greater Hartford Community.
